M.SC. BIOENGINEERING (2016-PRESENT)
HARVARD UNIVERSITY, CAMBRIDGE, MA

BACHELOR OF ENGINEERING (2012-2016)
VTU, KARNATAKA, INDIA

EXPERIENCE

SOFTWARE DEVELOPER (2018-PRESENT)
VERIZON, CA

[Describe your responsibilities and achievements]
Designed and edited blueprints for IT infrastructure and networking architecture according to management's demands. Monitored existing infrastructure and architectural frameworks for performance, and made changes and updates when necessary.

SOFTWARE ENGINEER (2016-2018)
CISCO, CA

Developed enterprise architectural blueprints, along with descriptive documentation for all stakeholders. Designed and tweaked global AWS infrastructure, including nodes in 12 regions and 52 sub-regions.

SOFTWARE TESTER (2014-2016)
PALO ALTO NETWORKS, CA

Migrated applications, accounts, and platforms when necessary and feasible. Communicated target architectural plans and company roadmaps across all departments.
